REPORT OF THE COUNTY ASSESSOR

(Section 86 (1) of The Assessment Act).

The Warden and Members of the County Council of the County of Norfolk.

Gentlemen:

In preparing the report of the County Assessor for the year 1952 it is noted that section 87 (1) requires—

“the County Council shall yearly and not later than the 1st day of July, examine the assessment rolls of the preceding year of the different townships, towns and villages in the County.”

This section has been interpreted to mean the assessment rolls on which taxes were levied in the preceding year. Accordingly the assessment rolls prepared in 1950 and on which taxes were levied in 1951 are taken as the basis of the report.

The total taxable assessment appearing in these assessment rolls is \$44,684,248.00 as compared with \$43,867,913.00 for the previous year, or an increase of \$816,335.00.

For the assessment and taxation year 1951 six municipalities were using county assessment appraisals in their assessment valuations and the seventh was using county assessment valuations on all property except orchard and tobacco lands. The other six municipalities had yet to complete the work of appraisal.

In preparing the report the net taxable real property assessment for the year 1951 has been taken for each muni-

cipality. In those municipalities where county assessment appraisals have been completed and in use in the local rolls, equalizing factors were computed in relation to the whole roll. In other municipalities comparisons have been made between 1951 assessments and county appraisals also giving consideration to the sampling of the appraisals under county assessment schedules to determine equalizing factors.

For example, the figures suggested for county equalization and county levy for the Township of Middleton were computed as follows:

| | | |
|--|-------|----------------|
| 1.—Net taxable real property | 1951 | \$4,157,575.00 |
| 2.—Equalizing factor | .8605 | |
| 3.—Suggested County Equalized Assessment..... | 1952 | 3,577,600.00 |
| 4.—Add business assessment (adjusted) | 1951 | 48,100.00 |
| 5.—Suggested Assessment for County Levy..... | 1953 | 3,625,700.00 |

Similar calculations have been made for the other municipalities.

| | | |
|---|------|-----------------|
| Suggested Assessment for County Levy | 1953 | \$44,704,000.00 |
| Assessment for County Levy | 1952 | \$43,899,300.00 |
| Increase in Assessment for County Levy ... | | \$ 804,700.00 |

Of the thirteen municipalities in Norfolk County ten have completed the work of appraisal under county assessment schedules and are using such appraisals in their local rolls. It is expected that the remaining three municipalities will complete the work this year and all municipalities would be on the same basis of assessment.

The Assessment Rolls of the various municipalities for the year 1951 are in the Council Chamber for your examination.

This report is presented as a suggested basis for equalization under Section 87 of The Assessment Act, R.S.O., 1950, Chapter 24.

Your obedient servant,

R. P. QUANCE,

Simcoe, Ontario.

Simcoe, Ontario, May 27, 1952

R. Q. Quance, County Assessor,
County of Norfolk.

REPORT OF SUB-COMMITTEE ON REFORESTATION.

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen: We, the Reforestation Sub-Committee, beg leave to report on the following topics:

(1).—A replanting program was carried out on Plots No. 21, 10, 11 and 1, where red and white pine and larch were set in.

The Gore north of Houghton Centre on the County Road System was replanted.

The Gore on the County Road north of Courtland, where it enters Oxford County, was planted for the first time.

On Plot 21—3,300 trees were planted.

On Plot 10—2,500 trees were planted.

On Plot 11—1,800 trees were planted.

On Plot 1— 500 trees were planted.

The total cost of these operations was \$116.52.

(2).—Thinning.

In Plot 14 a sum of \$19.20 was spent in cutting out Scotch Pine.

In Plot 9 the Red Pine was thinned at a cost of \$26.60.

(3).—Fire Guards.

All fire guards in the County Plots have been worked over once, at an outlay of approximately \$300.00.

(4).—Pulpwood Thinning.

On Plot 12—88 cords, and on Plot 9—20 cords were cut for a total of 108.65 cords, which sold loaded on freight cars at \$12.00 per cord, to Ontario Pulp & Paper Co., of Thorold. This total, which comprised Red, Jack, and Scotch Pine, grossed the County \$1,303.80.

The cost of this program was as follows:

| | |
|--|-------------------|
| (1).—Cutting 108 cords at \$6.00 | \$ 648.00 |
| (2).—Skidding 108 cords, at \$1.50 | 162.00 |
| (3).—Trucking and loading cars, 108 cords at \$2.50 | 270.00 |
| Total | <u>\$1,080.00</u> |

| | |
|---------------------------------|-----------------|
| This gave a net profit of | \$ 1,303.80 |
| | <u>1,080.00</u> |
|\$ | 223.80 |

It is to be clearly emphasized that the operation of pulpwood cutting is primarily one of proper and careful thinning rather than one of cutting and marketing pulpwood for the sole purpose of profit.

It should be further noted that, while the sale of the pulpwood from County plots netted a slight profit, yet the money expended in the operation provided income for men in our County during a season of the year when many are unemployed. Thus it is apparent that even the funds so expended can in reality, be termed an asset when one considers the whole operation in its proper perspective.

All thinning operations carried out by your Committee were under the careful supervision and advice of the Zone Forester, W. D. Adlam, to whom this Committee expresses due appreciation.

(5).—Recommendation.

(a) That the County Council of the County of Norfolk empower the Reforestation Committee to arrange contracts for the sale of at least 400 cords of pulp wood in 1953, at the earliest possible date.

It is felt, in making this recommendation, that these contracts should be made in the near future so that cutting can be done earlier in the winter and hauling completed before half-load season and before the wood becomes heavy with sap.

The committee is exploring the possibility of transporting the pulpwood to Thorold by transport truck instead of by rail, as was done this past winter. This would eliminate loading freight cars.

(b).—That the house and one acre of land on Plot No. 9 be sold to Mrs. Leila Hall, at a price of \$800.00.

All of which is respectfully submitted.

J. EVANS KNOWLES, Chairman.

CECIL PETTINGER.

R. S. CHAMBERLAIN,

ALAN JAMIESON.

ROY J. SMITH.

Gentlemen: Your Committee of the Whole begs leave to report as follows:

All of which is respectfully submitted.

J. W. HOLDEN, Chairman.
